SPEAKER & VISIT KIT

Caroline Brewer

Author • Artist • Literacy Advocate • Keynote Speaker

"Stories that help children read, dream, and rise."

Caroline Brewer is an award-winning children's author, collage artist, and Pulitzer Prize-nominated journalist whose school visits are part concert, part book party. Using rhythm, rhyme, rap, repetition, and relevance, she gets children singing, chanting, and dancing across the pages — and gives educators research-backed strategies that keep the momentum going long after she leaves. She has shared stages with members of Congress and the Obama White House, and trained educators across the country.

SIGNATURE TOPICS
